

All Water Media Painting Class

for Intermediate to Advanced adult students

Thursdays May 9, 16, 23, 30, June 6

11 am – 1:30 pm Instructor: Jim Minet \$155

Please join us for a water media painting class including watercolor, gouache, acrylic, and acrylic gouache...your choice of media to work in. We strive to work and learn in a collaborative, friendly and encouraging environment.

Students will broaden their skills while focusing on their own unique painting styles, expand the techniques of watercolor and continue to explore color mixing and application. Assistance will be available throughout the class time to help you to understand how to build your painting.

This class will not cater to beginner topics as it is geared toward those who already have a working knowledge of the medium. Techniques will include advanced color theory, paint application including glazing, scumbling, (acrylic), wet on wet (watercolor), alla prima (direct painting), working in negative space, and much more.

Students will choose their subjects including portrait, still life, or landscape. Reference photos will be provided but you may bring your own reference materials.

No materials list is provided because we anticipate that you already know what to bring since this is not a beginner class. Work in the medium of your choice and be sure to bring all you need to do so.
